

# FLORIDA CIVIL RIGHTS ASSOCIATION

Advances Diversity, Equal Opportunity and Fairness

National Motorists Association

**Ban the Cams.org**

## Why we are protesting RED LIGHT CAMERAS.

**RED LIGHT CAMERAS ARE A SCAM:** Despite the fact that most Red Light Violations Crashes are plus 5 seconds into red (most have themes like DUI, criminal activity, not paying attention) THE VAST MAJORITY OF RLC TICKETS are for NON DANGEROUS technical fouls:

- a. *Non dangerous right turns on red. In Brooksville FL, over 70% were right turns!*
- b. *Stopping even 1 foot over the stop line!*
- c. *Split second mistakes that point to the need for longer ambers. (HB 77 in Georgia in 2008 forced longer ambers causing many GA towns to drop RLC)!*

To let people know that groups like the **Florida Civil Right Association, National Motorists Association** have teamed up with **BantheCams.org** to give people an outlet to:

- a. Share their problems with photo enforcement.
- b. Offer resources to help fight against the problems with RLC.
- c. To work with local citizens to help organize future protest against RLC.
- d. To bring attention to the many scams that photo enforcement vendors use to churn tickets, Short Yellow lights, moving trigger lines two car lengths into the intersection for example.

For more info or to join a future protest:
