For those of you who would like to start a local page opposing RLC (and photo enforcement in general) let me introduce you to the Anti Camera site for Baytown, TX.

www.safebaytown.com

check em out.

They have a very good link showing how much ATS paid in College Station to the Pac that overturned a public vote! (The city council decided the public outrage over denying a vote wasn't worth the political risk dismantled the scameras anyhow.)

<http://www.saferbaytown.com/documents.html>

ATS gave \$20,000.00 to try and save their scameras!

Please also note that not one of the donors CAME FROM COLLEGE STATION! One came from Washington State!

Ban the cams note: If you plan on starting a anti RLC site let us know, we would be more than happy to spread the word!
